

description:

This design alternative addresses the east-west movement of pedestrians through the park as well as incorporating activity features and unprogrammed areas.

management implications:

Involve a manager for vendors.
Provide security.
Provide maintenance and supervision for playground.
Provide maintenance for lawn and plaza.

program elements:

Plaza at Courthouse southeast entry area.
Terraced plaza creating commercial cafe opportunity; interchangeable as event platform.
Children's play area.
Informal lawn area.
Establishment of 'Skid Road' interpretive neighborhood connection.
Extend tree plantings along 4th Avenue.
Free, self-cleaning public restrooms.

involvement of other agencies:

SDOT: Closing Dilling Way
King County: Access through building for commercial enterprise; allowing plaza at entrance.
